

GIFTS 2011

1st International ICST Conference on Green Intelligent Future Transport Systems

www.giftsconference.org

16-18 March 2011 Athens, Greece

CALL FOR WORKSHOPS

SCOPE

The **1st International ICST Conference on Green Intelligent Future Transport Systems (GIFTS 2011)** is an excellent opportunity to gather all the experts within the field of ITS in Athens. Researchers, engineers, students, industrial partners, government delegates and all relevant stakeholders are invited to discuss and exchange ideas about the future and viability of the transportation domain.

GIFTS 2011 will feature several one-day or half-day workshops on topics closely related to, or complementing the conference theme. The workshops will focus on latest advances in more focused and active research topics, and aim to provide the unique opportunities of close interaction with researchers with common interests, fostering future collaborations, and leveraging the impact of projects in selected areas.

We cordially invite submissions of workshop proposals. Workshop proposals on emerging topics that are likely to generate significant interest and impact in the research community will be highly preferred. Workshop papers will be published in the GIFTS 2011 proceedings and will be available through Springer LNICST.

The GIFTS 2011 organizing committee will provide basic support for the workshop in form of registration, publicity, a meeting room, publication, and help in arranging meal service for the workshop. The workshop organizer will control the submission and review process of the workshop separately from the main conference.

PROPOSAL SUBMISSION

A workshop proposal submission should include the following items:

1. Motivation and rationale for the workshop.
2. Names, affiliations, and contact information of main organizers, as well as tentative compositions of the speakers / presenters.
3. Expected number and themes of submissions.
4. Target audience/participants and expected attendance.
5. Prior history of this workshop (if applicable).

Please submit your proposal to Stela Stancheva at stela.stancheva@create-net.org.

PUBLICATION

Accepted papers will be published by Springer in the Lecture Notes of the Institute for Computer Sciences, Social Informatics and Telecommunications Engineering (LNICST) series. The proceedings will be available in both soft and hard copies and will be submitted for review by various indexing services such as EI, DBLP, Google Scholar, SCOPUS, Scitopia and other important sites.

General Chair:

Angelos Amditis, Institute of Communication and Computer Systems, Greece

TPC Chair:

Ioannis Karaseitanidis, National Technical University of Athens, Greece

Workshops Chair:

Stela Stancheva, Create-Net, Italy

Tutorials Chair:

Panagiotis Lytrivis, NTUA, Greece

Local Chair:

Angelos Amditis, Institute of Communication and Computer Systems, Greece

Web Chair:

Nikos Frangakis, Greek Centre of European Studies & Research, Greece

IMPORTANT DATES:

Workshop proposal deadline:

31 July 2010

Notification of proposal acceptance:

10 August 2010

Workshop paper submission deadline:

15 October 2010
